

GISELLE SANTOS | STUDIO ASSISTANT

Giselle's journey in dance has taught her the power of perseverance, teamwork, and self-expression. After three years on the Poms team in Montgomery County, where she helped earn 3rd place in Division 2, she developed a deep sense of discipline and dedication. Dance has not only built her confidence and time management skills, but it's also shown her the importance of connection and empathy. Outside of dance, Giselle finds fulfillment in working with individuals with disabilities, where she has learned the value of patience, understanding, and creating inclusive environments. As she pursues her degree in Business Administration, Giselle continues to apply the lessons learned through dance and her community work, making a positive impact wherever she goes.
